- Day Shift Production (2 Positions Available)
 - MTW 6AM-6:30PM / T 6AM-10AM
- Night Shift Production (3 Positions Available)
 - MTW 6PM-6:30AM

Work Environment:

New production facility incorporates the following design aspects:

- + High spacious ceilings
- + LED natural daylight brightness
- + High wall windows allowing for natural sunlight
- + Air-conditioned environment
- + In-floor heating
- + Concrete parking lot close to entrance

Production Process:

Production process will be a fast-paced roll forming type operation. Very similar processing to the soffit line. This will be a new product offering so you will be able to get in on the ground floor with brand new equipment and team. The machine will run non-stop from 6AM Monday morning until 6:00 Thursday morning. Breaks will be staggered to maintain continuous operation of the machine.

Direction Provided By:

Direction will be provided by the Assistant Manager–East who in turn will report to the Manufacturing Manager. The Assistant Manager-East will be responsible for all personnel, production, and property.

Interested Parties:

Interested parties should contact either Susan Klenken or Philip Ramstack by 10/19/19.
