

Overnight Production Associate – East Facility

Summary:

Under the direction of the Assistant Manager-East, the Production Associate is responsible for sustaining the production process consistently during the overnight shift at MWI Components' East Facility. Said individual must be capable of self-managing workload and willing to help other departments within building when needed.

Typical Hours of Operation:

- MTW 6:00PM-6:30AM

Essential Duties and Responsibilities:

This list of duties and responsibilities is not inclusive and may be expanded to include other duties and responsibilities as management may deem necessary from time to time.

1. Work effectively and efficiently in the fast-paced production process (production process will be similar to a roll forming machine)
2. Maintain a positive, flexible attitude while working with a new team, new equipment and new processes
3. Uphold the requirement of staggering breaks to maintain continuous operation of the machine at all hours of operation
4. Abide by all safety requirements instilled by OSHA standards and the MWI guidelines
5. Acknowledge responsibility for sustaining a clean & safe work environment for oneself & one's team

Education and/or Experience

A high school diploma or GED is required. Work well in a team environment and be willing to assist peers whenever necessary. Previous production experience desired.
